

Sensational Achievements is looking for occupational therapists with 2+ years experience who are committed to advancing their field and have clinical knowledge in the areas of:

- Evaluation and treatment of sensory processing disorders including praxis intervention
- Sensory-oral feeding interventions
- Auditory interventions
- Functional visual skill development and visual-vestibular integration
- Reflex integration combined with Sensory integrative treatment strategies
- Working with Adolescents and Adults with complex sensory and social-emotional histories

# Seeking a Playful Dynamic Pediatric OT

Clinician must be available to work after-school hours until 6 or 7 PM. Saturday hours as needed.

Candidates should possess excellent written and verbal communication skills along with an ability to learn quickly and adapt to the changing environment of a growing private practice.

This is a tremendous opportunity to contribute to the field of occupational therapy and develop advanced clinical reasoning skills. Openings are for Per Diem, part-time positions with the opportunity to increase hours as scheduling permits.

Submit resumes and written work samples to
